Our Firm

We are a mid-sized firm operating in a growing community less than one hour from Edmonton. All we do is built on a solid foundation of Accountability, Respect and Abundance. From attracting and retaining a talented team of professionals to serving our valued clients, this is our character.

Our culture is derived from a “team-first” mentality. We invest in our people and make a personal equity promise with every team member that they will become holistically richer. We are passionate about nurturing our students to become the best versions of themselves – both in and out of the office.

Operating just outside of the city limits maximizes your work-life balance. Low cost housing, free parking, three paid days off for volunteering and office commutes under five minutes enables our team to simply - live better lives. We are caregivers that serve clients and community initiatives that fit with our core values and we take care of each other like family.

Our team thrives within a “work from anywhere” platform with an adaptable flex-time policy. With 3 weeks’ vacation in your first year, a flexible personal benefit plan, Fridays off in July and August, and an on-site fitness facility, we can’t think of a better place to work! We are a work hard/play hard group that hosts year-round extracurricular activities for our team. We are committed to developing connections within our WAG family and creating a psychologically safe space to flourish in.
